

# INNOVATION THAT WORKS SMARTER.

The STERIZONE® VP4 Sterilizer helps keep your central sterile services department running smoothly and more efficiently. Put the simplicity of a single pre-programmed cycle and the speed of a larger, mixed load<sup>1</sup> capacity to work for you to increase productivity and throughput.

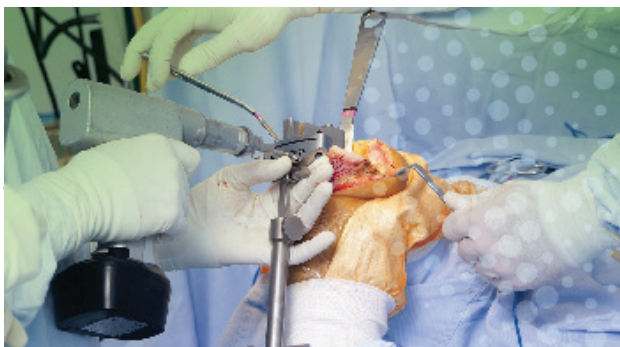

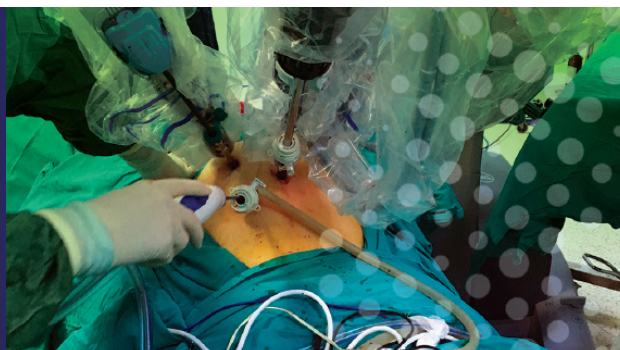

**With the STERIZONE VP4 Sterilizer, you can reduce your sorting time, you can increase throughput, and you can reduce the time required to train your staff.**

## STERIZONE VP4 STERILIZER

### 3 X THE NUMBER OF ROBOTIC SURGERY SETS SIMULTANEOUSLY

The STERIZONE VP4 Sterilizer can sterilize up to three robotic surgery sets. Press the button and the machine does the rest.

### STERILIZE BATTERIES AND EQUIPMENT TOGETHER

The STERIZONE VP4 Sterilizer can sterilize batteries at the same time as the tools and equipment. Run loads up to 75 lbs<sup>1</sup>. No need to run batteries separately any more.

**STERIZONE®**  
VP4 STERILIZER

OUR MISSION: A STERILE DEVICE FOR EVERY PATIENT.
